DETAILED ACTION

Status Of Claims

Applicant has amended independent claims 1, 5, 9 and 12 and has added claims 21-40.

Claims 1-40 are pending in the claims.

Allowable Subject Matter

Claims 1-40 are allowed.

Examiner's Statement As To The Reasons For Allowance

The following is an examiner's statement of reasons for allowance:

The invention is related to a process of purging a semiconductor manufacturing equipment after a deposition and a dry cleaning steps of a chamber using a gas containing hydrogen and monitoring the cleaning gas remaining in the equipment to detect the completion of the purge of the cleaning gas.

The primary reason for the allowance of claims is the inclusion therein, in combination as currently claimed, of the limitation of monitoring the cleaning gas remaining in the chamber to detect the completion of the purge of the cleaning gas. This limitation is found in claims 1, 5, 9 and 12 and is neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
